SUPERVISORS OF FAIRVIEW TOWNSHIP
7471 McCray Road
Fairview, PA 16415

Workshop Meeting
September 26, 2012
1:00P.M.

The workshop meeting of the Supervisors of Fairview Township was called to order at 1:00 P.M. on September 26, 2012 by Chairman Ralph Heidler. Present were: Supervisors Peter Kraus; David Carner and Ralph Heidler; Zoning Officer James Cardman; Assistant Secretary Michelle Zirkle and Dave Muye from Fairview School District.

Mr. Muye came to the meeting to discuss purchasing a new generator for the School District. This generator would create a place for the residents of Fairview Township to go in case of a natural disaster. Mr. Muye requested a quote from Lathrope Electric, Inc. to have a starting point to look at generators. The Supervisors would like to see air conditioning in the cafeteria in case of an emergency in the summer time. Mr. Muye has to look into this. The School District will continue to research sizes and prices and will eventually go out to bid.

The Supervisors continues the meeting by going over the Subdivision and Land Development Ordinance. They started at Section 413 Traffic Regulatory and Guidance Signs and finished with Section 606 Design Standards for Major Land Developments. Mr. Cardman will invite Consultant Tom Graney and Solicitor Paul Burroughs to the next workshop meeting.

The meeting was adjourned at 2:47 P.M.

Respectfully submitted,

Michelle A. Zirkle
Assistant Secretary
